Introduction and Background

- 1.1 This document constitutes a request for competitive, sealed applications for the Start Up or Expansion of a child care program for children age birth through 24 months.
- 1.2 Legally operating Child care facilities are determined to be one of the following facility types. Additional information can be found at www.dhss.mo.gov.
 - a. Family Home – A licensed child care program where care is offered by a licensed child care provider for no more than ten children not related to the provider.
 - b. Group Home – A licensed child care program where care is offered by a licensed child care provider for 11, but no more than 20, children not related to the caregiver in a location separate from the provider's living quarters.
 - c. Child Care Center – A licensed child care program where care is offered by a licensed child care provider for more than 20 children in a location other than the provider's residence.
 - d. License-Exempt Child Care – By state law, certain programs are exempt from licensure, but are required to be regulated.
 - e. Unregulated Child Care – By state law, certain programs are exempt from licensure and regulation.
- 1.3 The funding for this program comes from Missouri Revised Statute Chapter 313, Section 313.835, which promotes the growth and quality of early childhood care and education and school readiness for children. Missouri gaming funds, specifically riverboat entrance fees, fund the programs promoted in this statute.
 - a. In addition to new legislation specific to this funding, funding may be influenced by fluctuations in riverboat attendance and entrance fees.
- 1.4 The vision of the Missouri Department of Social Services is the development of a child care system that meets the early care and educational needs for all Missouri children and will promote and support high-quality early learning opportunities. The Missouri child care system should focus on quality teacher training, program accreditation, and incentives, as well as financial assistance, to ensure all children are receiving quality care and education.
- 1.5 The latest research on brain development shows that the care a child receives during the first five years of life impacts a child's potential for future learning.
- 1.6 Optimal child development and learning are dependent upon nurturing and stimulating environments. Locating and choosing the early childhood care and education programs that best serve children are important to every parent and having these programs and resources in each community is imperative.
- 1.7 The Missouri Department of Social Services participates in the Strengthening Families through Early Care and Education Initiative. This Initiative, by the Center for the Study of Social Policy, is an approach to improving parental involvement in child care facilities.
- 1.8 The purpose of this funding is to supplement or support a child care program. This funding will not wholly fund or sustain such programs.
- 1.9 The Missouri Department of Social Services' goals for this project are to:
 - a. Support and encourage care that promotes positive brain development.
 - b. Provide services under this legislation that lead to school readiness.
 - c. Ensure low-income children and children with special needs have equal access to care.
- 1.10 The Missouri Department of Social Services considers each of the following types of child care programs a priority:

- a. Programs offering services for children with special needs. Special needs may encompass physical, emotional, or developmental needs for children.
 - b. Program offering services during non-traditional hours, such as extended hours of care, nighttime care, and/or weekend care.
 - c. Programs participating in the Missouri DSS or Federal Early Head Start Initiative.
 - d. Programs addressing family needs with additional services either on-site or via links with health care providers, literacy organizations, and welfare-to-work initiatives, etc.
- 1.11 Child care providers who have previously received a Missouri Start Up and Expansion Grant award must have fulfilled obligations of such award in order to submit an application for this grant.
- 1.12 Facilities currently receiving grant funding from the state agency are only eligible to apply for this funding if they are starting up a new facility that is licensed separately from the facility they are currently operating.
- 1.13 The applicant should complete all the information required in the application. In the event the applicant does not meet the requirements of this RFA, the applicant's application shall be deemed Non-Responsive and shall not be evaluated.
- a. Applicants shall know and understand that the state agency shall not enter into negotiations or clarifications concerning the information provided in the application for reasons other than apparent clerical errors as defined herein.
 - b. All applicants deemed Non-Responsive shall receive notification from the state agency, prior to contract award(s), indicating that their application has been rejected from consideration and the reason such action was taken.
- 1.14 Although an Attempt has been made to provide accurate and up-to-date information, the State of Missouri does not warrant or represent that the background information provided herein reflects all relationships or existing conditions related to this grant.

Such communication should be received at least five (5) calendar days prior to the official application target date.
- b. Every attempt shall be made to ensure that the applicant receives an adequate and prompt response. However, in order to maintain a fair and equitable application process, all applicants will be advised, via the issuance of an amendment to the RFA, of any relevant or pertinent information related to the procurement. Therefore, applicants are advised that unless specified elsewhere in the RFA, any questions received less than five (5) calendar days prior to the RFA submission date and time may not be answered.

- d. The DSS monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among applicants, price-fixing by applicants, or any other anti-competitive conduct by applicants that appears to violate state and federal anti-trust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action

In addition, the applicant shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. The clarification conference will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFA. Any such applicant needs to include in the application a complete list of statutory references and citations for each provision of the RFA that is affected by this paragraph.

- d. Awards shall be made to the applicant whose application (1) complies with all mandatory specifications and requirements of the RFA and (2) is the lowest and best application, considering price, responsibility of the applicant, and all other evaluation criteria specified in the RFA and (3) complies with Sections 34.030 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all applicants fail to meet the same mandatory requirement in an RFA, DSS reserves the right, at its sole discretion, to waive that requirement for all applicants and to proceed with the evaluation. In addition, the DSS reserves the right to waive any minor irregularity or technicality found in any individual application.
- f. The DSS reserves the right to reject any and all applications.
- g. When evaluating an application, the State of Missouri reserves the right to consider relevant information and fact, whether gained from an application, from an applicant, from applicant's

All Exhibits and Attachments included in the RFA shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the Contractor must receive a properly authorized purchase order or other form of authorization given to the Contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the Contractor and the DSS or by a modified purchase order prior to the effective date of such modification. The Contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

In addition, all equipment, supplies, and/or services that are discovered to be defective or that do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

11. WARRANTY

- a. The Contractor expressly warrants that all equipment, supplies, and/or services provided shall (1) conform to each and every specification, drawing, sample or other description that was furnished to or adopted by the DSS, (2) be fit and sufficient for the purpose expressed in the RFA, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

12. CONFLICT OF INTEREST

- a. Officials and employees of the state agency, its governing body, or any other public officials of the State of Missouri must comply with Sections 105.452 and 105.454 RSMo regarding conflict of interest.
- b. The Contractor hereby covenants that at the time of the submission of the application the Contractor has no other contractual relationships that would create any actual or perceived conflict of interest. The Contractor further agrees that during the term of the contract neither the Contractor nor any of its employees shall acquire any other contractual relationships that create such a conflict.

13. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the Contractor's default or breach of contract.
- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the Contractor may have under the anti-trust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the Contractor in

the fulfillment of the contract with the State of Missouri.

14. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the Contractor, the DSS may cancel the contract. At its sole discretion, the DSS may give the Contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than ten (10) working days from notification or, at a minimum, the Contractor must provide DSS within ten (10) working days from notification a written plan detailing how the Contractor intends to cure the breach.
- b. If the Contractor fails to cure the breach or if circumstances demand immediate action, the DSS will issue a notice of cancellation terminating the contract immediately.
- c. If the DSS cancels the contract for breach, the DSS reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DSS deems appropriate and charge the Contractor for any additional costs incurred thereby.
- d. The Contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

15. COMMUNICATIONS AND NOTICES

- a. Any notice to the Contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by E-mail or hand-carried and presented to an authorized employee of the Contractor.

16. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the Contractor must notify the DSS immediately.

- 4) The exclusion of discrimination from all collective bargaining agreements; and
 - 5) Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.
- b. If discrimination by a contractor is found to exist, the DSS shall take appropriate enforcement action, which may include but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the DSS until corrective action by the Contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

19. AMERICANS WITH DISABILITIES ACT
